OVERNIGHT REPORTS

(The items in the Overnight Reports section have not been coordinated within the intelligence community. They are prepared overnight by the Office of Current Operations with analyst comment where possible from the production offices of NFAC.)

El Salvador

According to press reports, an agreement reached yesterday for the release of the French Ambassador to El Salvador and five other hostages in exchange for asylum in Panama for 25 members of the Peoples' Revolutionary Bloc was aborted last night when the Panamanian Government refused asylum and broke off negotiations with the Bloc. The agreement for the exchange had been negotiated by a French diplomat seeking the release of the hostages and an end to the occupation of the French and Venezuelan Embassies by the Salvadoran militants. There was no immediate indication of the Bloc's reaction to the Panamanian refusal. [REDACTED]

Iran

Fighting tapered off as the temperature rose past 100 degrees in Khorramshahr late yesterday afternoon, and an uneasy truce prevailed between progovernment revolutionary guardsmen and Arab militants, according to Western press reports. Estimates of up to 100 dead and many others wounded were reported, many of the victims struck by stray gunfire. The city remained under a state of emergency--the first declared since the revolution, according to press accounts--and a curfew declared by the governor of the province. [REDACTED]
